

## Would You Like To Generate 10 Free Leads Per Month From Your Website for a Full Year?

LeadLifter now offers a free version of its powerful lead generation tool, **EchoQuote™**. In less than an hour you can begin capturing 10 **good** leads per month free from your own website for a **full year**.

Why would we offer **EchoQuote™** free for a full year?

First, we are never sure how many leads we will actually generate from your website traffic, so we are willing to give away 10 per month to make it worth your time to find out.

Second, if we see good results in excess of 10 per month, then we hope to earn your business and have you upgrade to our Pay-Per-Lead model (\$25 each) with no obligation or contract.

### *Why EchoQuote™ Free is a Marketing “no brainer”:*

- Generate 10 **inbound** leads free from your own website per month
- **Easy setup** in less than an hour; runs itself after that
- Run the Free Version for a **full year**, then decide to upgrade or not
